Lesson Learnt from Census 2000 Rounds and Plan for 2010 Census Rounds

Major Problems

Encountered

- Undercount in big cities, in the Bangkok Metropolis
- High rate of turn over of enumerators and field staff
- Undercount of

Planning for 2010

PHC

- **Improve field operation in big cities**
- **Increase wage rate, Train reserve enumerators**
- **Increase local people and organizations participation in the PHC**
- **Solve the problem on international migration**

Improve Field Operation in big cities

- **Make use of administrative data (from Civil Registration Office)**
- **Improve PR (The public information and education campaign, enhancing public awareness)**
- **Increase cooperation from provincial and local**

Plan to Increase Local People and Organizations

Participation

- Set up networking in special areas e.g. chief of community, chief of housing projects etc.
- Use local volunteers to be enumerators
- Use local community officers⁹

Improve Data Capturing / Processing

- Install scanners at regions or cluster of provinces
- Increase ICR system capacity
- Improve data processing system

on international

- Developing a survey technique and outreach strategy for incorporating migrant population

: pilot study under

Dissemination

System

- **Develop more user-friendly system : Census Info**
- **Publish more analytical papers: collaborate research with academic institutions**
- **Establish network with academic institutions to**

Data Collection

- **Face to face interview**
- **Self enumeration**
- **Telephone interview**
- **Via internet**
- **Mail out/in**

**Data collection :
1-31 May 2010**

**Census reference date :
1 May 2010**

Enumerators

- ❖ **In Bangkok : temporary employees**
- ❖ **In Municipal Area : village volunteers, commune leader**
- ❖ **In Non - Municipal Area : village volunteers,
commune leader**

• Now NSO. Plans to conduct Pilot Census in 2008 to test for all stages of conducting population census
